

# Beach SUITE

**The Beach Suite**, an original and striking building from the outside due to its futuristic look, full of unusual shapes and colors and a place that really surprises with the size of its bathroom and the creativity of its design. It's ideal for a group of friends (3-6), thanks to its 3 double bedrooms, 2 bathrooms and an extra separate WC, a spacious living room and eating terrace. Hammocks rock in the open wall spaces on the deck.

The famous bathroom is a real work of art: from the outside it's dome shaped, covered in coloured glass circles; inside there's a space rocket feel to the massive room, enhanced by the giant knobs that control all the taps. There's a double shower in one corner and a huge Jacuzzi bath in the middle.

The house is full of fantasy, and for some a true collection of luxury and imagination.
